

# BRAZING TORCH KIT

## With Oxygen and MAP-Pro™

PART NO. WK5500XTK  
BRAZING TORCH KIT

The Bernzomatic® Brazing Torch Kit includes our Brazing Torch Wand, one 14.1 oz Bernzomatic MAP-Pro® cylinder, one 1.4 oz Bernzomatic Oxygen cylinder, two NS3 brazing rods, two PC3 brazing rods, two WB5 brazing rods and a spark lighter. The Brazing Torch offers an adjustable precision flame and combines MAP-Pro™ and Oxygen for superior heat output. It has a durable brass burn wand, independent fuel and oxygen controls and is pressure regulated for consistent performance when inverted, making it ideal for small brazing, welding and metal-cutting projects.

### Features

- Adjustable, Precision Flame
- Manual Ignition
- Independent Fuel and Oxygen Controls
- Durable Brass Burn Tube
- Pressure Regulated for Consistent Performance when Inverted
- Kit includes manual ignition torch, 400g MAP-Pro™ cylinder (1811120), 40g Oxygen cylinder (1811420), 6 welding rods, spark flint, and resting rack

### Fuel Types

MAP//PRO

OXYGEN

### Flame Type

Precision Flame

### Application

- Brazing
- Cutting Metal
- Welding

### Warranty
